

## **Swoop Scoring Rules**

Handicapped knockout tournament.

Handicaps are determined by the team's position in the League after the first half of the season.

Top team in Division 1 will have handicap of 1, second team in Division 1 handicap of 2 and so on, so bottom team in Division 3 will have handicap of 23.

The difference between the two teams' handicaps will be the start received at the start of the match, BUT only Max of 13.(passed AGM2022)

Scoring is 1 point for each frame won plus 1 additional point for each ball left on the table (excluding the cue ball).

If black is accidentally potted before colour is determined, the frame winner will receive 8 points even if some balls have been potted.

If black is accidentally potted during play, winner gets 1 point for each ball left on the table.

Should scores finish level, the team with the lowest handicap, i.e. giving the start will go through.

An example score sheet is below. A blank score sheet has been provided with your Season Guide and must be completed and WhatsApped to Val on 54007623 preferably on the night or by the Saturday after the match, latest. Further sheets may be downloaded from [gibpool.com](http://gibpool.com) downloads section.
